PROFILE

I'm a passionate .NET developer with expertise in building robust, scalable, and maintainable applications using the .NET framework and its ecosystem. As a collaborative team player, I stay up-to-date with the latest .NET advancements and best practices, ensuring high-quality software solutions that meet and exceed expectations. I am focusing on quality not int quantity.

WORK EXPERIENCE

.NET Developer

Code Concept LLC   Jan 2022 - May 2023

- Assisted senior developers in the development and enhancement of web-based applications using ASP.NET, Blazor WASM + Angular, Azure Devops, Microsoft Teams and SQL Server.
- Participated in code reviews, bug fixes, and troubleshooting efforts to resolve issues and improve application stability.
- Gained hands-on experience with software development tools, technologies, and methodologies.
- Collaborated with project managers and other team members to prioritize tasks, track progress, and meet project deadlines.
- Attended team meetings, including project kick-offs, stand-ups, and additional meetings.
